

# The Sabbatical Cycles and the 70th Week of Daniel and the "Time of Jacob's Trouble"

[www.godstimeline.net](http://www.godstimeline.net)

= The time Christ comes for His own/ Church for "resurrection Rapture" in the "midst of the week"; the 70th week of Daniel. This is what I have taught since 2006! Daniel 9:27 & the sabbatical cycle portrayed in the secondary week of Tabernacles in John 7:14! This is the correction: that the 70th week is a Sabbatical cycle, BUT always teaching that the Kingdom must be established in and at the beginning of the Sabbatical year!

= The time Christ comes for His own/ Church for "resurrection Rapture"; "ABOUT the midst of the feast/ week"! This

is the last 7 years of Jacob's trouble! As it is the primary week of 7 days of the feast of Tabernacles portrayed in John 7:14 in which the week (feast of Tabernacles) begins with a Sabbath day/ year!

**= The 2nd Coming of Christ at the end of the last year of Jacob's trouble to save her out of it, to bring Israel into His rest! And with the correction in definition, Christ will be coming at the end of the 6th year of the Sabbatical cycle coinciding with the last 7 years of Jacob's trouble! (This IS exactly what is portrayed in the Gospel of John 7) This has not and does not change! Only change is that the definition of this last Sabbatical week is that of the 70th week of Daniel. And not precisely synonymous with that of the "time of Jacob's Trouble"!**

Rosh 1994 to Rosh 2001 is a complete Sabbatical cycle for example. That last year (the 7<sup>th</sup>) is the Sabbatical (Sabbath) Year (Rosh 2000 to Rosh 2001). Each Sabbatical cycle has 6 years **plus** the one year Sabbatical year (called the "*Shmita*" year). The 7<sup>th</sup> year in this example (Rosh 2000-Rosh 2001) is the Sabbath Year. The Sabbatical cycle is the 6 years (1994 to 2000) plus that one year Sabbatical Year (Rosh 2000/01). The year prior to the start of this cycle (1993/94) is the Sabbath year (the last year/the 7<sup>th</sup>) of the previous Sabbatical cycle, all on Rosh Hashanah.

The outlying range of Rosh 2014/15 is that 7<sup>th</sup> year (the Sabbath Year) in the cycle. In this example (Rosh 2014/15), it is also the first year of the Millennial Kingdom. The Sabbatical Year (Rosh 2007/08-the year of "rest" from Jacob's 14 years of labor) is that last year (the Sabbath Year) of the previous Sabbatical cycle (running from Rosh 2001 to Rosh 2008). The purpose of Sabbatical Year (in the account of Jacob/Rachel/Laban) is to show that the Sabbatical cycles are intact and in harmony with the "*time of Jacob's trouble*"! So that Israel can be save OUT OF IT and to then enter the Lord's REST and His Kingdom! **SEE CORECTION TO 70TH SABBATICAL WEEK AND TIME OF JACOB'S TROUBLE AT WEBSITE'S HOME PAGE!**
