

The 3rd Week of the “Time of Jacob’s Trouble” Rosh Hashanah 2007 to Rosh Hashanah 2014 “Daniel’s Seventieth Week”

The 2nd “week” ended on Rosh Hashanah 2007 and began the 3rd “week” and the Sabbatical Year of “rest” from labor (the previous 14 years that Jacob served). The Sabbatical Year ended on Rosh Hashanah 2008 and the final 6 years of labor began. This was fulfilled historically by the stock market crash. The NYSE experienced the single largest drop in history on Rosh Hashanah 2008, dropping by 777.68 points, matching the **three sevens** of the time of Jacob’s trouble. The “.68” in the “777.68” is a reference to the Jewish year of 5768 (our 2008). That 3rd “week” of Jacob’s trouble was characterized by “wages” and “goods”. Jacob labored that 3rd “week” for his material wealth. The prophetic implications are of the worsening **ECONOMY** pointing toward the coming time of “great tribulation” (Matthew 24:21) where the economy collapses completely (“A measure of wheat for a penny, and three measures of barley for a penny; and see thou hurt not the oil and the wine”-Revelation 6:6).
